CROSSE & BLACKWELL'S

Renowned first-class Manufactures are obtainable from every respectable Provision Dealer in the World.

Purchasers desirous of being supplied with C. & B.'s goods, which are all of the best quality, and of a thoroughly wholesome character, should be careful to see that inferior articles are not substituted. Their genuine preparations bear their names and address upon the labels.

Their Pickles are all prepared in Pure Malt Vinegar, boiled in Oak Vats, by means of PLATINUM STEAM COILS, thus avoiding all possibility of contact with COPPER or any other injurious metal; and they are precisely similar in quality to those supplied by them for use at

HER MAJESTY'S TABLE.

Oxford Sausages, Patent Preserved Hams, Cheese and Bacon, Yorkshire Game and Pork Pates, Fresh Gherkins in Sour, Salmon and Capelin, Whitebait, Fillets of Soles, Bologna Sausages, Herrings a la Sardines, Soups, Meats, and Vegetables in Rich Fruits in Syrup, also in Noyeau and Brandy, Crystallized Fruits, all of which as well as many articles too numerous to include in an advertisement, they can strongly recommend. Their Salad Oil is the finest imported.

C. & B. are AGENTS for LEA & PERRINS' CELEBRATED WORCESTERSHIRE SAUCE, Carstairs' Sir Robert Peel's Sauce, M. Soyer's Sauces, Relish and Aromatic Mustard, Payne's Royal Osborne Sauce, Captain White's Oriental Pickle, Curry Powder and Paste, and Mulligatawny Paste, for Mason's Prussia Chocolate.

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS caused in a few minutes by a dose of that wonderful SEDATIVE ANODYNE AND ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J. Collis Browne M.R.C.S.L., (ex-Army Medical Staff,) the recipe of which was confided only to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Purveyor to Her Majesty the Queen, and Her Royal Family, and Chemist). The medical testimony of the most eminent hospital, military and naval practitioners proves this to be the most certain and valuable remedy ever discovered. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving behind the unpleasant effects of opium.

Earl RUSSELL has graciously favored J. T. Davenport with the following extract of a despatch from Mr. Webb, H. B. M.'s Consul at Manilla, dated Sept. 17, 1864:—"The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE, and with a small quantity given to me by Dr Burke I have saved several lives." Earl Russell communicated to the College of Physicians, that he had received a despatch from Her Majesty's Consul at Manilla, to the effect that cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See "Lancet," December 31, 1864.

From W. Vesalius Pettigrew, M.D., Hon. F.R.C.S., England, formerly Lecturer upon Anatomy Physiology at St. George's School of Medicine:—"I have used it in Consumption, Asthma, Diarrhœa, and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

Extract from the General Board of Health London, as to its efficacy in Cholera.

"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months severe suffering, and when all other medicines had failed."

CAUTION.—In consequence of the extraordinary efficacy of this remedy, several unprincipled parties have been induced to vend imitations. Never be tempted to buy Chlorodyne except in sealed bottles, having the words, "Dr. J. Collis Browne's Chlorodyne" engraved on the wrapper. A sheet full of medical testimonials accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, 33 Great Russell street, Bloomsbury, London. Sold in bottles, 2s. 9d. and 4s. 6d. jy24 lyw

DR. ASH AND HIS SUPPORTERS

In our yesterday's issue we alluded to the importance of the coming contest in Metchosin. The ensuing session of our Legislature promises to be, for good or ill, the most significant of all our legislative sittings; at such a crisis, therefore, we would not have a single voter in Metchosin and Esquimalt laboring under a misapprehension as to his position. The Assembly will be called upon before many months, to take decisive steps on every great measure which has been before the public. The union question may, and indeed in all likelihood will, come up under another aspect. The continuance of the present duties on agricultural productions will no doubt be attacked by those who are still infatuated on the question of the free port; and the great issue of the Hudson's Bay Company claims, will most probably be conclusively settled. On this latter point the return of Dr. Ash would be signally unfortunate. Brought forward by the most astute representative of the Hudson's Bay Company in these colonies, it is not at all likely his opinions on this question have not been deemed satisfactory to that body. It would indeed be something rather refreshing to see Dr. Helmcken vigorously canvassing the district for a candidate who is determined to support the claims of the colony against the Company by which he (Dr. Helmcken) is employed, and with which his interests are so closely bound up. We have a great personal respect for the Speaker of the House; we believe him possessed of a generous nature, but we have not, nevertheless, such unbounded faith in his magnanimity as to feel assured that he will go very much out of his way to assist an enemy to inflict upon the Hudson's Bay Company a pecuniary injury. On the very best grounds, therefore, we put down Dr. Ash as a dangerous man to represent any body of electors on Vancouver Island. The colony has still a hard battle to fight on this question of the Company's claims, and it is a matter of no small moment to see that its representatives are true to the colony's interests. On the settlers of Esquimalt and Metchosin therefore be the responsibility of sending a Hudson's Bay Company member to the House. We can understand Dr. Helmcken's personal claims upon his constituency; but all the services of all the medical men in the world would be but a poor counterbalance for a man's honor. The electors of Metchosin owe a duty to themselves and the country. They are as much morally bound to send the best man to the Assembly as they are to pay their debts. If Dr. Ash be that man let them send him; but let them send him uninfluenced by the illegitimate influences of either a Helmcken or a McKenzie. If, on the other hand, they do not think him the better man of the two candidates—if they believe his political creed is inimical to the farmer and prejudicial to the best interests of the country—let them come forward like men, and deposit their votes without fear or favor. On no account let it be said, for the sake of colonial manhood, that they are unable to judge for themselves, and that their political privileges are carried in Dr. Helmcken's pocket.

There are other grounds of opposition to Dr. Ash besides those of the Hudsons Bay Company. He is taken in hand by that party in the House who have opposed persistently every liberal measure that has yet made its appearance in the Legislature; for it is one of the anomalies in the free port creed to restrict everything but the importation of goods. In England the free traders are the great reformers—the men who advocate the utmost extension of human liberty consistent with private rights. In this colony the party who have egotistically and profanely drawn around their shoulders the free trade mantle are the veriest of Tories. Their ideas can only find a parallel in the sentiments which were enter ained by the governing classes in England two or three centuries ago. They seem indeed to be so many Rip Van Winkles who, in the confusion of their waking moments, have heard the words "free trade," and seized upon them without the remotest idea of their meaning. It is no uncommon sight to see in the streets of Victoria the untutored savage wrapped in his traditional blanket and daubed with his traditional paint, swaggering under a dilapidated Bond-street hat. We can give no better illustration of our free port politicians. Their airs, their gestures, their very language indicate, like the blanket and the paint of the siwash, the narrow mind of an age long since past, and the free trade hat as ill becomes them as the fashionable head-dress of the Indian. Dr. Ash may be a liberal man and a progressive man, but if we judge him by the old proverb we should say his political company gives us very bad indications of his being either.

HOLLOWAY'S PILLS

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids, and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters

If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and enewing suspended secretions. Universally adopted as the one grand remedy for female complaints these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Bronchitis, Diptheria, Coughs and Colds

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of the blood, relieve the overgorged veins, moderate the hurried breathing, and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers cleanse the blood from all impurities and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions

In cases of debility, languor, and nervousness generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of diseases re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigor.

TO THE ELECTORS OF ESQUIMALT AND METCHOSIN DISTRICTS.

GENTLEMEN:—A vacancy having occurred in the Representation of your District, I humbly offer myself as a candidate for your suffrages to fill the office.

It is customary and proper that a candidate should lay before the electors his views on the questions of the day. I would here briefly express my opinions on some of them, and when calling on you shall be glad to afford any further information or explanation.

With reference to the Union of this Colony with British Columbia, the Legislative Assembly have already agreed on and sent home resolutions declaring Vancouver Island to be desirous of Union under any Constitution which to her Majesty might appear advisable, renders it probable that Union will shortly occur—thus leaving little to be said, save that it is of the utmost importance that the question should be definitely settled as soon as possible, and the Colony relieved from its present suspense, so injurious and so obstructive to progress.

Meanwhile I believe it to be necessary that the policy of Free Trade should be faithfully maintained, for in our present expectant condition it is at least prudent to make as few changes as possible. If Union should take place, a general election must ensue. The Legislature of the united Colonies will then have to decide on the policy most likely to be advantageous to the country at large.

Reciprocity of Trade with our friends and neighbours of the United States of America would I believe, be of the greatest mutual benefit, and every effort should be made to have this Colony included in any treaty concluded between the authorities of the United States and the British North American Provinces.

Imprisonment for Debt should be forthwith abolished except in cases of fraud.

Immigration is highly necessary to our prosperity, and I would do all in my power to carry out any justifiable plan for the settlement of the public lands. The construction of good roads is an obvious duty. I believe something ought to be done to encourage the extermination of beasts of prey in partially settled districts like yours

A Reform of the Constitution is necessary in order that the Legislative bodies may be rendered independent of Executive control.

The Official Expenditure of the Colony must be materially reduced, and by this means the diminution of Taxation, so absolutely necessary, brought about. Whilst in favour of Direct Taxation, it is advisable that our Revenue should be drawn from a wider area.

Should you deem me worthy of being your Representative, it will be my constant endeavour to promote your special interests.

I am, Gentlemen,
Your obedient Servant,
JOHN ASH.

THE WEATHER.—For three weeks past more rain has fallen in British Columbia than has ever been known in any previous season. The most serious apprehensions have, thererore, been entertained that cereals as well as the hay crops would be entirely destroyed, and ranch owners became very uneasy. Fortunately the weather cleared up yesterday and there is now every prospect of a fine fall. Some wag who sympathized "not wisely, perhaps, but too well" with the ranch owners drew up a memorial to the Commissioner on the subject of "laying over" the crops, and the unique production has been handed to us for publication; of course we do not vouch for the authenticity of the signatures. The document is headed: *To His Honor the Gold Commissioner,*—"Sir,—The undersigned ranch owners and graziers in your district wish to apply to you to have their crops 'laid over' till the commencement of next mining season. In case this is not done we shall consider the Government responsible for any damage done by wet weather or any other casualties. We remain, your obedient servants, Frank Way, M. P. Elmore, John Gilbraith, F. Laumeister, Menifee & Woodward, Waldron & Seliers, E. F. Edwards, A. S. Bates, Yang Lang Folk. To this application his honor replied that the wants of the country imperatively demanded the making of hay and grain, and he could not conscientiously consent to the request of the petitioners. He would, however, agree to give them till the 15th of next January to gather in their crops."—*Sentinel.*

FREE PORT SENTIMENTS.—An attempt is being made in political circles to create a belief that there is now a considerable reaction in favor of a Free Port policy to the exclusion of all other interests. This we distinctly and emphatically deny; it is a transparent dodge, and we venture the further assertion that should a general election take place there will be a return of at least twenty-five per cent. more members to the House, or in other words fifteen members, opposed to that suicidal and untenable policy.

A PARAGRAPH FOR THE LADIES.—Messrs. J. H. Turner & Co., of London House, have just received by express from the European manufacturers, large additions to their stock, of the richest and most fashionable Dress Goods, Winter Mantles, Silks (the finest ever imported to this colony,) splendid Lace goods, newest and most charming styles of Bonnets—the "Fanchon" and "Empire;" irresistable Hats and Trimmings, and a variety of fascinating articles, that must be seen to be appreciated. *

LEECH RIVER.—We learn from Mr. Barnett, Leech River Expressman, that the water has now fallen, and the majority of the miners went to work on Wednesday morning. The Mountain Rose Company have put in a double flume to guard against future freshets. The Ripper Co. have got down 21 feet with their shaft above Kennedy Flat. There is a general feeling in favor of carrying a ditch down to work the benches during the winter. It would be the means of keeping many men at work.

THE CANVASS.—Mr. Elliott left yesterday morning to canvass the electors of Metchosin and Esquimalt Districts. We understand that notwithstanding the all powerful solicitations of Dr. Helmcken and Mr. McKenzie in favor of Dr. Ash, and the manifest advantage of being first in the field, this political triumvirate can yet be beaten on their own ground.

OPENING NIGHT.—The Victoria theatre having been refitted and decorated will be opened by Mr. Ward's Company with the attractive play of the "Ladies' Battle," followed by "Mr. Green's snug little business" in which the entire strength of the company will appear. The orchestral departments will be under the management of Mr. Fischer, a talented musician well-known to all San Franciscans.

THE WOUNDED CONVICT.—The Indian who was shot in attempting to escape from the chain gang on Wednesday, lies in a precarious state. Search was yesterday made for the ball which is still in the man's body, but it had taken an upward course and could not be extracted.

CRICKET.—The U. V. C. Club have accepted the challenge to play the conquering match on Saturday next, on Beacon Hill, with the City Eleven. This will be an interesting match, as both sides have won in turn, and feel equally confident of carrying off the palm.

THE ACCIDENT AT NEW WESTMINSTER.—The injuries received by the foreman, Michael Raleigh, who fell from the bell-tower of Trinity Church, do not appear to be so serious as at first anticipated. His spine was not fractured; he is, however, not considered out of danger.

THE U. S. S. SUWANEE, Commander Sterling, returned to Esquimalt yesterday afternoon, at half-past five o'clock, from a cruise up Puget Sound. The officers were feted and most hospitably entertained at Olympia, Seattle, and other ports on the Sound. She brings no news.

THE BAND of H. M. S. Sutlej will, by permission of the Commander-in-Chief, perform in front of the Government Buildings, on Saturday afternoon next, the 7th instant, between three and five p.m., weather permitting.

YARMOUTH BLOATERS.—Isaac Blyth, an experienced hand in curing these real delicacies, has opened a store in Oriental Alley, where the public can be supplied, wholesale or retail, with prime bloaters or red herrings. We can safely recommend Blyth's fish. *

HARDLY THE THING.—We have heard many comments made on the fact that Mr. Speaker Helmcken canvassed his constituency on behalf of his friend Dr. Ash before the public had any intimation that a writ was about to be issued.

ROWING CLUB.—Admiral the Hon. Joseph Denman has become a life member of this society.

PETERBOROUGH HALL is the name of Peter Lind's new and commodious country hotel at the foot of Mount Newton, South Saanich.

AMERICAN BELLES.—America is justly proud of her beautiful ladies, but how many mar their beauty, and lose their health and youth, become prematurely old in appearance, by neglecting to take proper care of their teeth. There can be no excuse for this, as SOZODONT, pronounced by all worthy a place between the sweetest lips, can now be had in all civilized countries.

UNION vs. FREE PORT.

The discussion on the question as to whether Union of the Colonies would compensate for the loss of the Free Port, came up before the Mechanics' Institute debating class last night. The room was crowded with listeners, among whom were Mr. DeCosmos, Dr. Evans, Dr. Trimble, Rev Mr. Garrett, Rev. Mr. Somerville, Mayor Harris, Messrs. Lowe, Franklin, Fell, C. B. Young, &c., &c. The debate was opened by Mr. Dissette, who occupied some fifteen or twenty minutes in an attempt to show the disadvantages of union, which he made out chiefly to be the want of talent to legislate for so large a country, and the ill-will which a union would foster between the two colonies. Mr. Elliott being absent, Mr. Rennie took up the cudgels for union, urging that what was so eagerly sought for by the Eastern colonies and the Home Government must be good for us. Mr. Babbitt then followed on the Free Port, making a very clever and fluent speech, but noticeably destitute of any sound argument. Mr. Pidwell came next on the Union side, and made a very able speech; showing the utter inutility of the free port to build up Victoria, and urging the great advantages of a united government for efficiency and economy. After repeated calls for Mr. DeCosmos, Dr. Evans, Mr. Garrett, and others, the last named gentleman rose, and delivered a most telling speech in favor of Union, stating from his own recent experience in British Columbia, that the whole of that country outside of New Westminster was unanimous in favor of Union, and concluding with the earnest advice to extend a protecting and fostering policy to our own rural population. Mr. Garrett's speech was listened to with marked attention, and received with the most rapturous applause. This concluded the speaking for the evening, the balance of argument being most decidedly against the free-porters, as was also the feeling of the majority, as evinced by the applause. The debate was adjourned till the next meeting, when it will be re-opened by a speech on the free-port side of the question.

LICENSING COURT.

[BEFORE A. F. PEMBERTON AND T. HARRIS ESQS.]

White Horse, Humboldt street—Mr. Bishop applied for a license for Mr. Balls for a new brick house near the entrance to the Park. Granted.

Mr. McCreight, instructed by Mr. Green, applied for a license for Mr. Eugene Thomas, for a brick building on Yates street opposite the one now rented by him. Mr. McCreight stated that the reason Mr. Thomas wanted to move from his present premises was that the landlord, Mr. M. Carey, had given him notice that he should raise the rent from $80 per month now paid, to $140 per month, and the premises he wishes now to have licensed he has rented for three at $75 per month. Mr. McCreight presented a petition signed by nearly the whole commercial community, in favor of granting the application, and argued that if the license was granted to the house and not to the person it was an inducement to landlords to compel their tenants to pay extortionate rents. Mr. Carey, who was very anxious to address the Court, contradicted the statement that he had raised the rent, and said he should be very glad to keep Mr. Thomas at his present rent, or even at a lower rate: the notice given to Mr. Thomas concerning raising the rent was done for the purpose of making Mr. Thomas show his lease. After a good deal of discussion the Bench postponed the application for one month.

TRANSFERS.

St. James—Mr. Courtney applied for a transfer from Hounslow to Harrison. Granted.

Lagar Beer—Mr. Bishop applied for a transfer from Johnson to Weil & Adams. Granted.

Royal Hotel Tap—Application for transfer by Mr. Copland from Rowland to Berry & Hansen. Granted.

Globe Hotel—Application from Mr. Bishop for transfer from Levy to McNiffe. Granted.

COUNTRY LICENSES.

Application by Mr. Copland for a tranfer from Peter Lind to Porter. Permission granted to sell under Lind's license for one month.

Transfer of Swan Lake house from Smith to Davies. Granted.

Royal Oak, Saanich, from Robert Porter to James Bailey. Granted.

Application for a country licence for Mr. J. Beecrot, for a house situated on Victoria Arm. After some discussion the Bench granted a suitable licence subject to the measurement of the ground as to whether it was out of the usual limits for granting town licenses.

THE GOVERNOR'S VISIT TO COWICHAN.

TO THE EDITOR OF THE BRITISH COLONIST,—SIR,—A letter appears in your issue of to-day signed E. B., in which the following paragraph occurs: "His Excellency appeared to be well pleased with the appearance of Cowichan Valley as he entered on its borders, but the settlers seemed to be rather buffed about the unexpected course he took, as they all expected him across the bay. His Excellency was however ignorant of the way, and was led by the Rev. Mr. Garrett into the most obscure places especially on the borders of Somenos, and was consequently unable to behold some of the most magnificent places in Cowichan." Your correspondent is unhappily mistaken in his facts.

The Governor's object in visiting Cowichan was threefold: 1—To inspect the roads which have been made through the settlement during His Excellency's administration with the special view of ascertaining what bridges are still required.

2—To see the agricultural capabilities of the Valley.

3—To visit the Indian villages and Reserves.

I am happy to say that His Excellency, mounted on a good horse kindly lent for the purpose by Mr. Drinkwater, accomplished all three.

He landed at Tl-pollis where Mr. Harris' wharf is situated. The Indians were absent at New Westminster whither a distribution of blankets had attracted them. His Excellency proceeded up the bench in a westerly direction, crossed the Kokesilah river up to the girths, and was met on the opposite side by Mr. Fleming, Road Commissioner, who conducted him through the Kokesilah settlement. The Governor was highly pleased with the fertility of the soil, expressed his determination to settle the Indian question as soon as he possessed the power, and made notes of all the difficulties and requirements of the road. He then forded the Cowichan river when his boots tasted freely of the limpid waters, and after visiting the Somenos village, proceeded at a rapid rate by the Nanaimo road to Bings', Blackies', and Drinkwaters', where he inspected the buildings, crops, drainage, etc.; thence through the prairie at the base of Mount Provost to Dr. Davie's place, where an ample feast of venison and farm luxuries was provided by the Doctor's housekeeper, Dr. Davie, jr., doing the honors of host. Dinner over the party took horse again and travelled by the new road by Bell's, Morton's, French's to Maple Bay where Mr. Morley pointed out the improvements, etc., which were necessary. This done, His Excellency proceeded by Bednall's and Skinner's to the Convent, where turning to the right by an Indian trail he went to Somenos Lake, then wheeling round came through Alexander's by Dean's across the Long Bridge into the Indian Reserve; then wheeling round again he went to the Indian village of Quamichan, and from thence to Cowichan where he inspected the new line of road, visited the Chapel, conversed with Mr. Brennan by whom he was invited to partake of refreshment, discussed with the priest Mr. Rondeau the prospects of his Indian mission, ascended Mount Bruce and surveyed the beautiful landscape from that lovely spot, and embarked on board Captain Jolliffe's boat at 5:15 p. m., expressing himself highly gratified with the extent and resources of the country through which he had ridden.

Mr. Duncan and other gentlemen who were at work on the projected road from Brennan's to the Mountain, placed the importance and probable cost of the road before His Excellency. The difficulties of the undertaking were canvassed, and the Governor promised to consider the matter.

E. B's informant was surely quizzing him.

I am, Sir,
ALEX. C. GARRETT.

THE COMING ELECTION.

TO THE EDITOR OF THE BRITISH COLONIST. SIR,—In this morning's *Chronicle* I noticed a letter signed "One Interested," in reference to the election for Metchosin District, which asserts that Dr. Ash is not supported by the Hudson Bay Company. As not only the "Speaker" but a late high ex-officio member of the Company has been canvassing for the doctor for the last two or three days, the correspondent of the *Chronicle* must be in error. Notwithstanding the *powerful* influence brought to bear, I have little doubt but that the electors will see it to be their interest to return Mr. Elliott by a large majority.

It is moreover quite palpable to the most casual observer that the communication referred to has a Hudson Bay odor about it intended to deceive the voters by making the candidate sail under false colors.

FAIRPLAY.

OUR CARIBOO LETTER.

Barkerville, William Creek, Sept. 25, 1865.

WILLIAM CREEK.

Another freshet occurred last week, which filled up the Sheepskin and Cariboo claims, and blocked up the mouth of the bed rock drain. The Cariboo claim is stopped for the season.

The following companies are still at work with different success:

The Common Sense Co. are pushing ahead their shaft.

The Baldhead, Welsh and Hibernia Co.'s are drifting, but do not get any pay worth speaking of. The Australian Co. have been busy since last freshet building a bulkhead to confine the creek within reasonable boundaries.

The Wake-up Jake are cutting a drain ditch and have not been working in their claim since the first flood.

The Aurora and Borealis Co. washed up last week 326 ounces, and declared a dividend of $400 to the interest. Better pay yet is expected during this week. One half interest changed hands in this company last week for the sum of $800.

The Hit or Miss Co., who have been idle for several weeks past, started sinking a new shaft on Friday last. Their claim is supposed to be pretty well worked out.

The Yellow Virgin Co. are not making above expenses just now.

The Morning Star Co. have not been washing so much gold as previously, for the last few days, owing to their being busy fixing their pump to contend with a leak of water from the surface ground.

The Beauregard and Confederate Co.'s are sinking a new shaft.

The Nevada and Never Sweat Co.'s are still working but not doing much.

The St. Andrew's Co. have just started running a tunnel immediately below the bank of British Columbia, on the hillside. This company have been working for two or three months past. They sank a shaft on the hill, but were driven from it by water before reaching the bed rock. They believe that they are justified in running a tunnel, from some gold they obtained from the gravel in their shaft.

The Forest Rose Co commenced to work last week on a top streak on their front ground, from which they obtain some nice gold. They are still pursuing their prospects on the top of the hill, and indications seem to be that ere long they will be enabled to find out the channel so long sought for. After having reached the bed rock at a depth of 70 feet, they found nothing but fine gold; of late however the gold has been getting coarser and coarser every day, and everything tends to ind[illegible] that a change for the better is soon to take place.

The Cameron Co. have just fixed the rigging in their shaft, and will be ready for washing to-day. Some of the parties in this company are on the eve of leaving for home with a nice stake, they having disposed already of their interests at a good figure. Let them go in peace, for they are truly brave hearted fellows.

The Raby Co. is still doing well, and will most likely continue to do so for some time to come.

The Dead Broke and Tinker Co.'s are at work, but not doing much I think.

Below the Raby claim none of the companies will be able to wash out any gold until the bed rock drain is repaired. Some hope that by the end of next week they will be enabled to resume work. This is rather doubtful, as it will take the most part of the winter to repair all the damages caused by the two freshets.

CONKLIN GULCH.

The Sawmill Co. washed up last week between four and five hundred ounces. They have now over $8000 in the bank, nearly $1000 dividend to the interest. This is no sign of poverty.

The Ericson Claim is yielding 2½ ounces daily to the hand

The Reid Co. are getting good pay from their new shaft.

The New Zealand Co.—It was rumored during the middle of last week that the New Zealand Co. had struck a rich prospect.

The Britannia Co. are not making much.

LOWHEE CREEK.

Crane's ditch is now completed from Stony creek, a distance of four miles, to Lowhee creek.

The only companies now working above the canon are the Vaughan and Kelly, who are hydraulicing, and the Robertson, who are running a tunnel. Below the canon a few companies are working, but very little money is coming out.

LIGHTNING CREEK.

The Ayrshire Lass Co. are taking out above expenses. Last week they washed out three ounces from a pan of dirt.

CUNNINGHAM CREEK.

I saw a party yesterday from Cunningham creek, who gives a very gloomy account of matters in that locality. Miners and merchants have "caved in" and seem to be much depressed in spirits.

BURNES CREEK.

A friend of mine has just returned from a prospecting tour on this creek. So far only three companies have reached the bed rock, and are not making above wages. None of the rest have been able to bottom their shafts, being much troubled with water.

Wake-up Jake and another party are ground sluicing at the head of the creek, where the diggings are shallow.

SNOW-SHOE QUARTZ LEAD.

The company prospecting for quartz have stopped working, their tunnel being filled up with water. They have tried to crush some quartz by means of an *arastra* worked by a horse. It makes only three revolutions a minute instead of six or seven. Some of the quartz extracted seems promising.

WILD GOOSE CHASE CREEK.

It was rumored here during the last two weeks, that three miners from Grouse Creek have discovered a new creek 200 miles above Fort George. Very few here have faith in such a report, and I have heard many say that it was a "wild goose chase." The fact is the creek is rather far distant, and as winter is fast setting in, very few will feel inclined to go and see whether the statement has any foundation or not.

FATAL ACCIDENT.

I have to relate another very melancholy casualty. A man by the name of Charles McIsaacs was killed instantly by the fall of a tree, while working on the road between Van Winkle and Richfield.

THE ROAD

between Richfield and Cameronton will be completed in the course of the week. This road will be a great boon to the whole community as a general thing, and above all to drunkards, who travel from one town to the other. They will not run the risk, as heretofore, of breaking their necks on their way through shafts, flumes and ditches.

HUNTING.

A good many parties from this creek, finding nothing to do since the flood, have gone hunting. Some have been most successful, returning back loaded with ducks, grouse, snipe, and rabbits.

VEGETABLES

are plentiful and cheap. Nothing else is now required to make the miner's condition entirely comfortable but some of the California orchards.

SANITORY.

The doctors seem to be all on the grumble; the most of them have already turned miners. This speaks well for the health on the creek.

GLEE CLUB AND CONCERT.

Your readers are perhaps not aware that we have here a choral association, who spend their evenings singing and making merry. They intend giving a grand vocal and instrumental entertainment on Thursday next. The proceeds are to be appropriated to buy fuel, and to make the reading-room in Cameronton comfortable during the winter season. Of this last institution I shall speak in my next.

THE HURDY-GURDIES

leave Barkerville to-day on their way below, having reaped during the season a rich harvest of dollars and specimens from the lovers of the terpsichorean art, and the admirers of the fair sex.

A MAN WITHOUT FOOD FOR THREE WEEKS.—An American named James Rush, employed by our townsman Mr. Hunt, at the Sells Mill in Southwold, left his work 19th July, for the purpose of returning to his home in the States. On the same day he arrived at and dined in Port Stanley, but finding no vessel there which answered his purpose, he took the lake shore road westward, intending to spend a few days harvesting among the farmers in the neighborhood. Before climbing the bank, being hot, he resolved to refresh himself by a bathe in the rippling waves of Lake Erie. He felt a little sick in the water, and the next thing he remembers is finding himself naked on the sandy shore, with a consciousness of having drank ravenously of water to assuage his great thirst. He was a day or two getting on his clothes—his skin was cracked on his face and other places, and filled with sand, and he was so weak that he failed many times in the arduous labor of climbing the bank. This he at last accomplished only on the 5th August, when, unable to climb a fence, he made signs to two men in the field, who, fortunately for him, had come to make a bargain about some sheep. The two persons were Mr. McPherson, farmer, and Mr. Blake, butcher, Fingal. At first they took the solitary being for some wandering Indian, but after some doubts decided, as they saw him fall, that he must be drunk or injured, and then resolved to see what he was. When they came to him imagine their horror and surprise at the sight of a living skeleton—a veritable live shadow of death! This extraordinary case is to be accounted for by the supposition that Mr Rush, who was a stout, hearty man, had had a sunstroke and an attack of typhoid fever, during which he in some way had obtained water from the lake, the only support except his own flesh to the demands of a consuming fever for seventeen days! His legs are now, as Mr. Hunt has remarked, "like pipe stems"—but he is now being carefully tended and cared for by Mr. McPherson, whose kindness will, we hope, soon restore this unfortunate man to health and friends and usefulness—*Free Press.*

DANCING CLASSES.—Mrs. Digby Palmer will resume her winter evening Dancing Classes for Ladies and Gentlemen, on Tuesday and Friday evenings, at 8 o'clock. The first reunion will take place on Tuesday evening next, October 3d. The class for children will be held on Wednesday and Saturday afternoons, at half past three o'clock, commencing next Wednesday, Oct. 4th. The school will meet at Mrs. Digby Palmer's residence, on Douglas street, corner of Fort street. Mr. Palmer presides at the piano forte for both classes. Terms per month—Adults, $5; Juveniles, $3; Private Lessons, $8. *

HOLLOWAY'S PILLS.—No family should be without these pills.—Their long-tried efficacy in removing indigestion, stimulating the bowels, and purifying the blood, have secured them imperishable praise throughout the globe. Whatever the disease, a few doses will relieve the more urgent symptoms and thereafter completely control all disordered action, rouse the torpid liver, empty the engorged spleen, cleanse the obstructed kidneys, assimilate the food, improve the blood, and thereby confer on the brain and every function healthful vigour, natural activity, and wholesome regularity. In cases of indigestion, dimness of sight, headache, mental and physical lassitude, these restorative Pills act as a charm. They expel rheumatism and gout, while they infallibly correct female complaints in young and old, delicate and robust.

HOLLOWAY'S PILLS AND OINTMENT.—Stomach and Kidneys. Between these two organs there exists a close and intimate relation which is demonstrated by the wasting which occurs in all diseases afflicting the kidneys. The disordered stomach is often the first index of renal irregularity. Holloway's remedies used at that juncture would cut short many a serious and fatal attack. They act with wonderful efficacy on every organ of secretion, but especially do they regulate the stomach, liver and kidneys, in restoring their healthy functions, and casting out any obstructions or impurities. It is necessary for the ointment to be well rubbed into the small of the back twice daily, when it is absorbed, and greatly augments the purifying and salutary influence of the Pills.

HOLLOWAY'S PILLS.—General debility, low spirits, and nervous irritation, are the consequences of dyspepsia or indigestion. The Pills soon give tone to the stomach, renovate the digestive powers, purify the blood, and give strength to the whole system. Sluggishness of the body and depression of the mind are succeeded by a cheerful activity of the physical and mental functions. Indigestion is the parent of so many evils, and is so common, so universal a complaint, that it is a great blessing that such a remedy as this invaluable medicine should have been discovered. No one need long suffer from indigestion with these Pills at hand.

HOLLOWAY'S OINTMENT AND PILLS.—The family medical chest that is furnished with these powerful remedies needs nothing more. Indigestion, general dibility, liver complaint, eruptions, sores, wounds, ulcers, tumours, &c, are infallibly cured by their use. They purify the blood and give tone and vigour to the whole system. The Ointment, when well rubbed into the parts affected, enters the flesh just as salt enters meat, and if the Pills be taken as an auxiliary, the cure is speedy, thorough, and permanent. These medicaments are composed of rare balsams, without the admixture of a grain of mercury or any injurious substance. They are peculiarly mild and gentle in their action, and are as safe as they are efficacious.

HOLLOWAY'S OINTMENT.—Wounds, Scalds, Burns, and Irritating Sores.—The peculiarly mild, soothing, anti-inflammatory power exerted by this Ointment strongly recommends its use to all persons who have charge of children. Accidents will occur in the nursery in spite of the greatest caution and utmost vigilance. The scratch, the burn, or the scald, treated early with this Ointment, assumes no angry aspect, and never long tortues the little sufferer, whose very cry excites each bystander's compassion and pierces the parents heart. Every nurse should consider this invaluable Ointment an essential to a well appointed nursery. The Ointment is applicable to any sore, whatever its character. It conducts to health as sure as the compass points to the north.

HOLLOWAY'S OINTMENT AND PILLS.—Acute Rheumatism. In all severe pains in the joints and muscles, after due fomentation with hot water, the soothing action of this Ointment is most remarkable; it seems at once to lessen inflammation, ease pain, reduce the swelling, restore the free circulation, and expel the disease. In these complaints, indeed, Holloway's Ointment and Pills are an infallible specific. The Ointment should be rubbed as near the part in pain as the patient can bear; it is absorbed and directly conveyed to the diseased textures, when, acting on nerves, vessels, and guiders, it will arrest disease and again establish healthy action. The aperient and purifying qualities of the Pills have the happiest effect in assisting the Ointment.

BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 862

"As a sample of English clock-work on a large scale, the works of this are probably the finest finished that have ever been seen in this country. No Chronometer could be fitted with more perfect or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A triumph of ingenuity.—*Telegraph*, March 31, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 7, 1862.

"Some of them are of great beauty, and if the English watch trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands."—*Times*, June 23, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection."—*Illustrated London News* November 8th, 862
